### MELBOURNE

### ↳ NEW YORK

Departing from the cosmopolitan city of Melbourne marks Crystal's inaugural circumnavigation of Australia. After immersing yourself in the astonishing diversity of this island continent, with dips into Indonesia and New Zealand, you'll then weave through the fabled South Sea islands to the western coast of Chile. Then it's down through the Chilean Fjords to the end of the world at Ushuaia,

Argentina. Rounding South America's tip, you'll head north to Uruguay and trace the entire coastline of Brazil, turning inwards for an Amazon adventure. North, now, hopping through the palm-fringed islands of the Caribbean to mainland USA, where the ship makes landfall at Fort Lauderdale. The glittering lights of New York make a fitting conclusion to this showstopper of a journey.
